

# Найди такую же картинку

Посмотри на картинку в рамке слева. Найди справа такую же и обведи её.

# Большой и маленький

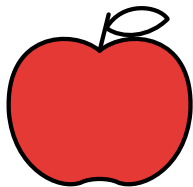

В каждой строке обведи БОЛЬШУЮ картинку.  
Для тех, кто постарше: маленькую раскрась.

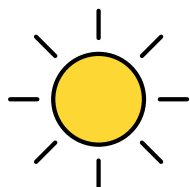

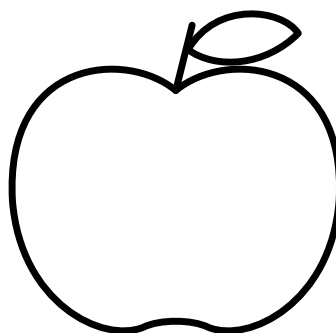

# Раскрась, как на образце

Слева образец. Возьми карандаш такого же цвета и раскрась картинку справа.

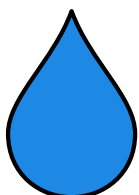

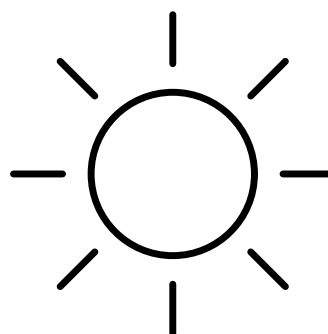

Печатать в цвете: образцы цветные, картинки для раскрашивания контурные.

# Раскрась все круги

Найди на листе все круги и раскрась их. Квадраты и треугольники не трогай.

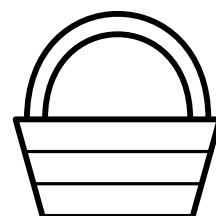

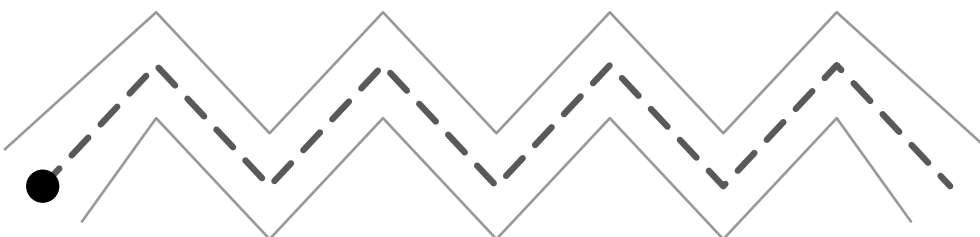

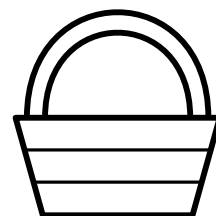

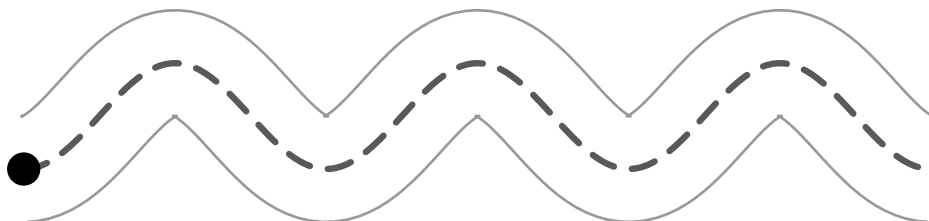

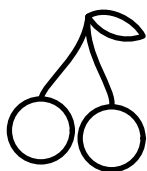

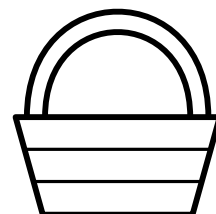

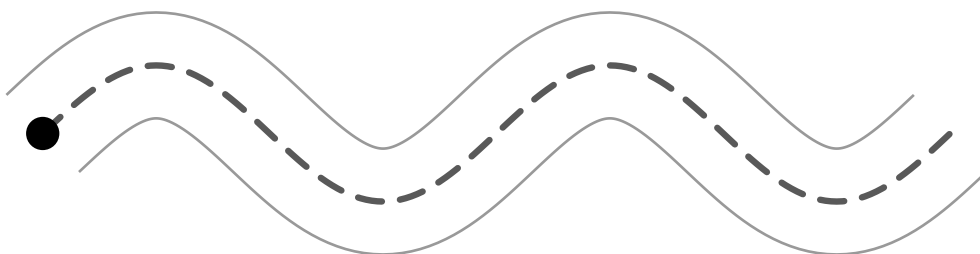

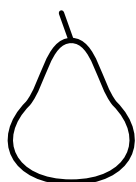

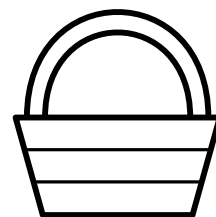

Для тех, кто постарше: треугольники раскрась другим цветом.

# Отнеси фрукты в корзинку

Веди карандаш по пунктиру от фрукта к корзинке, не выходя за серые линии.

Сверху дорожка прямая, ниже — волна, горки и зубчики.

## Чья это тень?

Слева слонёнок, рыбка и улитка, справа их тени. Соедини каждого с его тенью.

Самым маленьким: покажите пальцем, а линию проведёт взрослый.
